

Hingeset for pedestrian gate

Specifications

Article Nr.	E0701
Dimension	230 x 140 x 53 mm
Weight	1.18 Kg
Package quantity	1

Certainty in the building process

A hinge and a wheel allow two mobile fences to turn.

This allows you to easily create a simple swing gate of 7 meters wide for lorries and other traffic on a building site. This hinge can also be used in combination with a pedestrian gate for a mobile fence. And you can lock the gates securely with the Heras mobile fence lock.

**Simple
Effective**
